Team Up and Take Over

You've owned all the spots, got sponsored, skated in the biggest contests, and earned coverage in the most prestigious magazines, including getting named *Thrasher's* Skater of The Year. There's only one thing left to do: start your own business.

Home base is the skater haven Port Carverton. It's the perfect town to start your own skateboard company and build a team of skaters to represent your brand. This place has everything: mega-parks, buttery street lines, tons of visiting pros, and plenty of magazine photographers. Get shredding, scout talent, and build your empire. Next stop: world domination.

Flickit Controls

Stick sick tricks with a flick of your thumb. Flickit controls give you easy access to a big bag of tricks, from grinds to flips and manuals to varials. Just move R in a specific direction or pattern to pull off your trick of choice. With a little practice, you'll put together amazing sequences and epic lines in no time.

Here are some basics to help you get a feel:
